

Fairfield County's Cat Coalition TNR Project Award

Colonial Estates Mobile Home Park in Lancaster, Ohio, will be the first area community to receive support for the Community Cat TNR Project in Fairfield County.

Combining efforts with local rescue groups, Fairfield County CARES will begin a series of community "Share with CARES" luncheon discussions. Only a select group of communities will be offered these limited free services over the next few months. The goal of these events will be to share and exchange information. The group will look at ways to reduce cat numbers, offer ideas to change cat behaviors and review funding options. Volunteers are needed and encouraged to attend in each community for these outreach efforts.
